Just rec'd your letter and
am answering it on the break
water at the lake. The station is
on the left - coming up, but do
not try to get off. Did you ask
C. for her S. C. It's all right about
the W. but get one that will be
all right afterwards. It will be
a dirty ride. If you know in
time maybe you could write to
B. and make a date to meet her
at the ferry some time. Hope you
had company enough with A.
